

Multihog[®]

One Machine - One Driver - Endless Applications

Stump Grinder MSG 1000

- Front-mounted stump grinder suitable for the MH/MX ranges
- Ideal for commercial, municipal or forestry use - the Multihog's articulation makes it ideal for accessing hard to reach woodland areas
- Cutting wheel diameter of 530 mm (21 in)
- Retracted cutting arc of 940 mm (37 in)
- Extended cutting arc of 1250 mm (49 in)
- 1000 mm (39 in) above ground reach
- 600 mm (23 in) below ground reach
- Completely controlled from within the safe confines of the Multihog cabin, reducing accident risk
- Grinder features 16 long-lasting, heavy duty cutting teeth

Due to our policy of continuous improvement, specifications may change subsequent to publication of this sheet.
